

LTA LOCOMOTIVES TRANSPORTATION

Client Profile:

Manufacturer of electric locomotives in China and the national designated enterprise of mass transit vehicles localization

Client Relationship:

Started in August 2014. Services provided: customs clearance, receiving of cargos at discharge port and delivery to designated depot

Results of Relationship: Smooth delivery of the locomotives within client's budget. Furthermore keeping consignee, Land Transport of Authority (LTA) satisfied. This is the second shipment in the last 3 months.

Project Profile:

- What: 2 units of electric locomotives in this shipment. Cargo dims (LWH) as follows: (16.09 x 2.74 x 3.59)m, 54 tons each.
- When: January 2015
- Where: Shanghai to Singapore
- How: Before vessel's arrival, multiple meetings were made with the respective parties to coordinate the deliveries. Concerns from LTA, Project site and the Chinese representatives were to be addressed weeks in advance. Many of which involved engineering and safety matters, affecting operational costs directly and indirectly.

Challenges Faced:

- Complete delivery within client's budget
- Meeting consignee's stringent safety requirements
