

NEW CALEDONIA SMALL TUG BOATS

Client Profile:

Client is French owned company established in Vietnam from 2005. Their products are mainly exporting to French colonies like New Caledonia and Seychelles.

Client Relationship:

Started in September 2013 - BLPL has managed the full scope of logistics service from customs clearance, wet towage for tugs and barges, insurance, cargo inspections, loading surveys and delivering cradles to vessel by barge

BLPL has managed to secure work for the logistics arrangement and ocean transportation of client's tug boats and barges to New Caledonia.

Project Profile:

- BLPL was appointed to transport 4 x 16 MTs tug boats from Ho Chi Minh, Vietnam to Tontouta Anchorage, New Caledonia.
- BLPL coordinated barge for delivering cradles to vessel first and arranged tugs for towing customer's newly built tugs and barges to alongside heavy lift vessel for lifting with lifting lugs. Permits for floating units from customer to moor alongside heavy lift vessel were also obtained.

+ more available upon request

Project Summary:

Challenges Faced:

- Coordinating between heavy lift vessel's schedules and loading sequence for arranging timely tug assist service to avoid vessel's detention and tug waiting charge.
